

REGION VII HEAD START UPCOMING TRAINING

DOCUMENTING BEHAVIOR: A Three-Part Series to Combat Challenging Behavior

Effectively documenting behavior promotes growth.

Participants will apply the concept of ABC behavioral notes to their own classrooms and programs, a crucial element in behavior change. Attendees will identify the function of challenging behaviors and explain how the function relates to effectively addressing those behaviors. Educators will plan specific strategies for their own children and programs based on behavioral functions.

PART ONE

May 8th, 2pm - 3 pm virtual training via Zoom

Note the ABC's

Participants will review behavioral sequences and practice simple ways to document them. Noticing and documenting these sequences is necessary to replace challenging behaviors.

PART TWO

June 9th, 1pm - 3 pm, in-person training at the R7HSA Annual Conference

Find the Function

Educators will practice finding the function of behavior. When participants are confident in understanding the true purpose of behaviors, they can respond more effectively.

PART THREE

June 9th, 1pm - 3 pm, in-person training at the R7HSA Annual Conference

Function-Based Interventions

Participants will practice function-based interventions. Educators will leave with targeted classroom strategies directly related to the motivation of their children's behaviors.

COST OF 3-PART TRAINING: \$319

Target audience: Teachers/Coaches

Only 25 slots available. Registration is limited to ONE per program, first come, first served. After the first 25 registrations are received, additional registrants will be added to a waitlist.

**Training Provided by
R7HSA Platinum Sponsor**

FirstDay Learning empowers educators by providing researched-based professional development to address classroom challenges, especially problematic behavior. We offer trauma-informed strategies and tools that help teachers build happier, more inclusive environments where all children can thrive. Our evidence-based solutions support educators, coaches, and administrators in fostering lasting change in early childhood education.

CHRISTINE PERKINS

Regional Client Director
christine.perkins@firstdaylearning.com

Christine has over 20 years experience in early childhood education. She started her career as an early childhood educator and has worked in both public and private school settings. Over the last decade, she has been in leadership roles. Most recently, prior to joining the team at FirstDay Learning, Christine was a Founding Head of School serving children from birth to 6 years of age. She created a thriving community for hundreds of children and their families. Christine lives in Evanston, Illinois with her husband Brian and their four children; Jack, Charlotte, James & William.

REBECCA FREEDMAN

Co-Founder & SVP of Professional Development
rebecca.listfreedman@firstdaylearning.com

Rebecca has over 20 years of experience in Early Childhood Education in a variety of organizations and settings. She is experienced in collaborating with leadership from community-based development organizations nationally to provide technical assistance and curriculum design to high-need early education centers, and internationally in assisting schools with social-emotional curriculum development and innovation. Rebecca's clinical experience is based in Applied Behavior Analysis and includes supporting families and educators in promoting pro-social behaviors. Rebecca lives in Hollywood, Florida.
